Position Title: Student Placement - Advanced Therapeutic Technologist

Location: Pfizer Research and Development Center, [Suzhou, China]

Duration: 6 months (with potential extension based on performance)

About Pfizer: Pfizer is a global leader in biopharmaceuticals, dedicated to discovering, developing, and delivering innovative medicines that improve patient outcomes. Our mission is to bring therapies to people that significantly improve their lives.

Position Overview: We are seeking motivated and talented students specializing in Advanced Therapeutic Technologies to join our dynamic team. This placement offers a unique opportunity to gain hands-on experience in cutting-edge therapeutic research and development.

Key Responsibilities:

- **Research Support:** Assist in the design, execution, and analysis of experiments related to advanced therapeutic technologies.
- **Data Management:** Collect, organize, and interpret experimental data, ensuring accuracy and reliability.
- **Collaboration:** Work closely with cross-functional teams, including biologists, chemists, and data scientists, to support ongoing projects.
- **Documentation:** Maintain detailed and accurate records of research activities and findings.
- **Innovation:** Contribute to brainstorming sessions and propose innovative solutions to research challenges.
- **Compliance:** Adhere to all safety and regulatory guidelines in the laboratory environment.

Qualifications:

- **Education:** Currently enrolled in a Bachelor's or Master's program in Biotechnology, Biomedical Engineering, or a related field.
- Skills:
 - Strong analytical and problem-solving skills.
 - Proficiency in laboratory techniques and data analysis.
 - Excellent communication and teamwork abilities.
 - Familiarity with advanced therapeutic technologies (e.g., gene therapy, cell therapy) is a plus.

Attributes:

- Highly motivated and eager to learn.
- Detail-oriented with a strong commitment to quality.
- Ability to work independently and as part of a team.

Benefits:

- **Professional Development:** Gain valuable experience in a leading biopharmaceutical company.
- **Mentorship:** Receive guidance and support from experienced professionals in the field.
- Networking: Build connections with industry experts and fellow students.
- **Stipend:** Competitive stipend provided for the duration of the placement.

Application Process: Interested candidates should submit the following:

- Resume/CV
- **Cover Letter:** Highlighting your interest in the position and relevant experience.
- Academic Transcripts

Pfizer is an equal opportunity employer. We celebrate diversity and are committed to creating an inclusive environment for all employees.
